

Marathon 2017 program

1. **You are my Sunshine- We will play it a total of 3 times:**

Play the chorus without singing
Play and sing 1st verse and chorus
End by singing the chorus again.

*remember the verse and the chorus are the same, so when in doubt just play the song. I will try to remember to tell the audience that we'll play it through first and then ask that they join in with us. Remember to play softer when singing is involved.

2. **Wildwood Flower-** play 3 times (and those who can play harmony parts, please do so)

3. **Silver Bells- Key of G** (use your capo on the 3rd fret) John Goodman will be singing this song on the verses and we'll softly join in with him on the chorus. (I don't have a good song sheet for this yet.)

4. **Parson / Holt special** (when our specials are being presented, if possible be attentive and look their directions)

5. **Away in a Manger-** Play through once

Sing first verse

Sing 2nd verse (the one where it says 'the cattle are lowing, the baby awakes...') (We won't play the other verses for time sake.)

6. **Go Tell it on the Mountain:**

We will start out playing the chorus part

Then play the verse and chorus for the Hammers to come in and take a break on the Verse and chorus (mountains play softly)

Then we all play and sing one verse and chorus.... remember to end the song with TWO strong beats to stop!

7. **Jingle Bells- start on the chorus**

then play & sing verse 1 (dashing through the snow) and chorus

then play and sing verse 2 (the verse about Miss Fanny Bright) and chorus to end it!

8. **Hammer Dulcimer special - Bob and Amy**

9. **First Noel-** play through once

Then play and sing verses 1 & chorus and verse 2 and chorus. (verse 2 is the one where 'they looked up and saw a star...')

10. **Silent Night-** play through once,

Then play and sing 1st and last verse.
